**Mad Mike**

The Hall of Honor dinner and ceremony has been the highlight of the convention for years. Inductees such as **Richard Petty, Tom McEwen, Don Prudhomme, Shaquille O'Neil, Counts Kustoms** and so many more have graced the stage for this very unique awards and dinner ceremony.

The dinner seats between **400 - 600** special dinner ticket holders and is hosted by MTV's Pimp My Ride celebrity **Mad Mike!**

It is a night of great laughter, emotion and industry pride and the celebrity interaction is pretty cool too from industry leaders!

Jostens hand cuts each inductee ring and is presented during the evening along with a sit down dinner.

# Partnerships

We have developed an incredible partnership with the 5th largest school district in the world that allows us to donate a ticket to the convention for every child enrolled in Clark County School District. This gives back to our community over 1 million dollars in donations every year and brings fresh new focus to the diecast hobby.

We also partner in the same format with Vet Tix which sees a \$500,000 donation each year to allow current and retired veterans an opportunity to redeem tickets for themselves and their family at no charge to attend the convention.

We also partner with incredible non-profit organizations that allow for wishes to be delivered through our celebrity appearances at the convention which we coordinate to grant any wish asked of us for any celebrity attending our event.

These are amazing opportunities that have tremendous community value that your entity can be a part of!
